EXECUTIVE PROFILE

EXECUTIVE & OPERATIONAL LEADERSHIP OF PRIVATE & VENTURE-BACKED BUSINESS ENTERPRISES

MBA degree and 17-year track record of success in fast-paced business environments requiring forward-thinking and leadership, innovative approaches, and decisive actions to create new revenue streams, improve profitability, and create corporate and shareholder value in the face of changing industry and market cycles. Proven leadership track record in financial, sales, marketing, operations, and product management. Strong background in education and coaching.

SUMMARY OF SKILLS

Executive Management & Leadership

- Veteran of four start-ups with 13 years of experience managing high-growth enterprises
- Exceptional relationship manager and leader
 - Secured \$2.7 million in financing for Colabranet from two customers of The TAO Group
 - Recruited by Colabranet Board member to start-up and manage all SmartSwing operations
 - Hired and managed over 50 employees at Colabranet and SmartSwing, with only 2 resignations during my leadership tenure. Manage 18 people at Arrow Electronics, with no resignations during my 5-year tenure.
- Positively impact the career of dozens of young professionals each year by being a top-ranked lecturer in Global Entrepreneurship, High-Tech Strategy, and International Business Operations at the McCombs School of Business of the University of Texas at Austin

Financial Management & Financing

- Raised \$7 million in private equity financing from institutional, corporate and angel investors for Colabranet
- Raised \$4 million in private equity financing from angel investors for SmartSwing
- Accountable for multi-million dollar annual budgets at both Colabranet and SmartSwing
- Bootstrapped The TAO Group from inception to 6 employees and over \$1 million in annual sales

Engineering & Product Management

- Managed product roadmap, requirements, specifications, release reschedule, and scope for all SmartSwing products
- Project managed an inter-company team of 10 engineers at SmartSwing
 - Delivered six consecutive product releases within 10% of initial time and budget estimates

Sales & Marketing Management

- Proven sales executive, team-builder, and deal closer
 - Recruited, coached, and led sales teams at both Colabranet and SmartSwing
 - Closed two largest accounts at Colabranet – Cirrus Logic and SigmaTel – with transaction values totaling over \$1.5 million
 - Secured critical channel and technology partnerships for SmartSwing with industry-leading companies such as Texas Instruments, Analog Devices, Amazon.com, and Golfsmith
 - Currently lead team of eighteen at Arrow Electronics with responsibility for \$100 million in annual sales
- Played pivotal role in product definition, pricing, promotion, and public relations strategy development, implementation, and ongoing management at SmartSwing, Colabranet, and The TAO Group
 - Designed, organized, and led seven focus group sessions for initial product validation

Operations & Supply Chain Management

- Led evaluation process and negotiated agreements with SmartSwing contract manufacturer and contract engineering provider as well as key software platform providers at Colabranet
- Implemented process control, activity-based costing, and QA procedures for SmartSwing manufacturing
 - Drove manufacturing yields from 20% at new product introduction to over 80% within 3 months
- Renegotiated pricing and bonding agreements on SmartSwing bill of materials, resulting in over 30% initial savings

International Experience & Domain Expertise

- Twenty years of combined experience living, traveling, and doing business abroad
- Fluency in Italian and French, basic knowledge of Spanish
- Industry domain expertise in semiconductors/electronic components, enterprise software, consumer goods, consulting, and golf equipment

PROFESSIONAL EXPERIENCE**GENERAL SALES MANAGER □ ARROW ELECTRONICS, INC.**

2009 - Present

FIELD SALES MANAGER □ ARROW ELECTRONICS, INC.

2005 - 2009

\$15 billion Fortune 200 distributor of electronic components and computing products

- Managed all aspects of product development, including product release scoping, specifications, scheduling of four internal and six contract engineering resources, and budgeting
- Key contributor to original business plan, including product vision, sales/marketing strategy, and pricing
 - Designed, organized, and led seven focus group sessions for initial product validation
- Accountable for ongoing development and implementation of promotional and distribution strategy, including collateral development, public relations, web site content, product positioning, supporting information technology architecture, channel management, and international distribution

CHIEF EXECUTIVE OFFICER (CEO) □ COLABRANET, INC.

2000 - 2003

Venture-backed enterprise software company focused on providing vertical CRM/ PRM solutions to semiconductor/ electronic component manufacturers, distributors, and manufacturers' representatives

Co-founded Colabranet as a spin-off of The TAO Group's software development arm with an initial round of financing from clients of The TAO Group. Led the initial business planning and product visioning process. Played a crucial role in corporate strategic planning and decision-making on an executive team of five members.

- Raised over \$7 million in private equity financing from individual, institutional, and corporate investors, including investments from two former clients of The TAO Group
- Directly supervised team of eight sales, support and client services specialists
 - Personally closed Colabranet's two largest accounts – Cirrus Logic and SigmaTel – with transaction values totaling over \$1.5 million
- Defined messaging, pricing, and distribution strategies for Partnerflow, Colabranet's core product
 - Played crucial role in initial Partnerflow product visioning and ongoing product roadmap
- Built strategic partnerships with key technology vendors including Extricity/Peregrine Systems, Sybase and Oracle
- Managed company growth to 28 employees and subsequent wind-down to 3 employees

DIRECTOR OF STRATEGY, CO-FOUNDER □ THE TAO GROUP, INC.

1996 - 2000

Management consulting firm offering technology strategy, implementation, and support services to small and mid-sized companies

Helped transform a sole proprietorship into a viable, self-sustaining business venture while in MBA school. Outlined the corporate vision/mission, positioning strategy, and portfolio of services. Through effective financial management, bootstrapped the company up to in excess of \$1 million in annual revenues and 6 employees in less than 3 years.

- Supervised all aspects of the client proposal development process
- Won the company's four largest business accounts, with a total value in excess of \$750K over two years
- Defined the information technology and application architecture 3-year roadmap for five key accounts
- Lead software engineer and business practices resource for the company's first-generation vertical sales application, the genesis for Colabranet

FOUNDER □ AG CONSULTING

1992 - 1996

Privately-held sole proprietorship specializing in providing international business consulting, translation and training services

Founded company while in the University of Texas undergraduate business program to capitalize on an opportunity that would leverage core international experience and language skills. Upon graduation, grew the sole proprietorship into a self-sustaining enterprise while managing all aspects of the operation ranging from accounting to service delivery.

- Exclusive provider of cultural orientation, relocation, English language instruction, and tutoring services for Italian families on international assignment in Austin for IBM
- Exclusive translator for all product manuals of Navionics SpA, an Italian global provider of marine GPS solutions
 - Commissioned to perform competitive market research and provide US market-entry recommendations

EDUCATION EXPERIENCE**BOARD OF DIRECTORS, EXECUTIVE COMMITTEE CHAIR □ LYCÉE FRANÇAIS**

2003-2004

Fully trilingual (English, Spanish, French) private elementary school

- Board of Directors responsibilities included:
 - Fundraising, parent relations, new student recruitment, and overall pedagogical strategy
 - Relationship management with French Consul General and Cultural Attaché in Houston, Texas to ensure school accreditation by French government
- Executive Committee responsibilities included:
 - Tasked with and successfully led the turnaround effort of the school from 60 days to insolvency to financial viability, including renegotiating a \$100,000 bank credit line
 - Reengineered many school processes, including billing, scheduling, and promotion, renegotiated contracts, and was pivotal in employee morale improvement during the turnaround process
